

DEVELOPING MATH CONCEPTS

Grades Pre-K

Two-day course

Who Should Attend

Classroom Teachers, Math Coaches, Math Coordinators,
Teacher Leaders

Course Description

This two-day course focuses Pre-K teachers on how to create a positive environment that supports the learning of mathematics. They will gain knowledge of how mathematical ideas in a Pre-K classroom are investigated through play, active participation, and intentional learning tasks and will learn to utilize questioning techniques to promote mathematical thinking. Participants will learn to provide appropriate experiences that encourage mathematical development and understanding and allow them to differentiate instruction to meet the range of needs in their classroom.

Course Materials

Developing Math Concepts in Pre-Kindergarten by Kathy Richardson

The cost of the texts for the course is not included in the registration fee. Participants must purchase these texts and bring them to the course.
